User Manual

TQC WiFi Remote Control LSP-FRTQC

1. CONNECT TO THE DEVICE

- 1 Press the button through the hole at the bottom of the device.
If the battery in the remote control is not completely discharged, the green LED will light up.

- 2 Turn on Wi-Fi on your phone/laptop.
Find the TQC_remote network.

- 3 Connect to the TQC_remote network.
The password for the network: **123456789**

- 4 After connecting, scan the QR code on the product.
If the scan does not work, open a browser and enter the IP address **192.168.4.1** in the search bar.

- 5 After opening the website, this interface welcomes you, where you can choose whether the remote control is connected to the pump by cable or infrared.

The LED at the bottom of the device is:
- green when a cable connection is selected
- red when infrared connection is selected.

Here you can also see the state of the battery expressed as a percentage.
